

SKI INSTRUCTOR CANDIDATE

Training Location:

Alpbach

Target group:

Young professionals

Training Objective:

Graduates are proficient in giving ski lessons on secured slopes and have the necessary professional competence in theory and practice.

Contents:

The training course starts with a short check of the candidates' skiing skills.

In theory, the following subjects are taught:

Movement and teaching theory, equipment theory, skiing lessons for children, first aid, occupational science, nature and environmental science, introduction to the current trend sports (alternative snow sports), as well as tourism science.

The ***practical part***, on the other hand, includes the main points of the so-called "school driving" (curricular demonstration of the exercises in elementary school for adults u. Children, as well as the understanding of the movement of the learner). Another part is the practical methodical exercises for adults and children. This mainly involves describing and demonstrating elementary school movement sequences in the form of teaching rehearsals and teaching performances. The recognition of mistakes and the correct application of corrections is another essential point that contributes to the success of good teaching.

Testimonial:

After positive completion of the examination, the candidate receives a certificate from the Office of the Tyrolean Provincial Government. This represents the legal professional authorization as a ski instructor candidate.

Course Schedule:

08:00 am - 9:30 am theory lessons

10:00 - 15:45 Practical lessons

16.15 - 17.15 Theory lessons (on the 1st day 18.00)

Due to weather conditions, the daily schedule may vary.

Expected course end on 27.01.2023 at approx. 14:00 hrs.

There is a 100% attendance requirement throughout the course.
