

SNOWBOARD INSTRUCTOR CANDIDATE

Training Location:

Axamer Lizum

Target group:

Young professionals

Training Objective:

Graduates are proficient in giving snowboard lessons on secured slopes and have the necessary professional competence in theory and practice.

Contents:

The training course starts with a short check of the snowboarding skills of the candidates.

In theory, the following subjects are taught:

Exercise and teaching theory, equipment and device theory, children's instruction, first aid, occupational studies, nature and environmental studies, introduction to the current trend sports (alternative snow sports), tourism studies, alpine studies and a foreign language.

The **practical part** includes the focus on school riding and teaching with soft snowboard according to the curriculum. The aspiring snowboard instructor candidates are taught the necessary theoretical and practical knowledge for teaching beginners. In addition to the snowboard training, there is an introduction to ski instruction. <u>No previous knowledge is necessary for this.</u>

Testimonial:

After positive completion of the examination, the candidate receives a certificate from the Office of the Tyrolean Provincial Government. This represents the legal professional authorization as a snowboard instructor candidate.

Course Schedule:

08:15 am to 09:00 am theory lessons 09:45 h to 15:45 h Practical lessons 16:45 Group meeting 17:15 h until approx. 19:00 h Theory lessons

Due to weather conditions, the daily schedule may vary. There is a 100% attendance requirement throughout the course.
